That's why, with the support of Seneca Meadows, Inc., three different machines were purchased to create a "Makerspace" and help patrons be creative and to learn.

The equipment available to patrons include a Cricut cutting machine, 3-D printer and a sewing / quilting machine with monogram capabilities. This equipment allows patrons to try new things or to work on projects without having to invest in machinery.

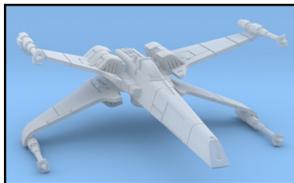

Stop by the Seneca Falls Library and learn more about what these amazing machines can do for you!

## Alzheimer Caretaker Boxes

Working together with the Alzheimer's Association, boxes have been developed to help those who are supporting patients or loved ones with Alzheimer's or other dementia-related diseases. Each box will include two library books on the subject of caregiving, resource documents and listings of free workshops from the Alzheimer's Association. These boxes are designed to help caregivers find free resources to learn even more about how to care for their patient or loved one. The boxes will also include activities, puzzles and other skill-building materials for the caregiver and patient to keep and enjoy.

Alzheimer Caretaker Boxes will be available from the Seneca Falls Library beginning June 30, 2021.
