October, 2002

Ed Chase

Tired of Watching Wall Street's Roller Coaster? Donate Your Appreciated Securities to the Library

Besides making cash donations or remittance payments, donors may also fulfill their pledge or make a contribution through appreciated securities. This tax advantage way of giving will stretch your benevolence budget. Below are brief instructions how to accomplish this:

- Securities held long-term (more than one year from date of purchase) can be donated and their fair market value on the date of donation can be deducted from income. The donor avoids paying the capital gains tax on the donated security.
- Securities held in short-term should **NOT** be donated, as the deduction amount is limited to the actual cost of the securities.
- If the securities held at a loss are to be a source of donation funds, they should be sold and the loss utilized to offset capital gains, while the proceeds are donated.
- Please consult your financial adviser regarding these matters.
- For securities in certificate form, mail the certificate and an executed stock power in separate envelopes to the library - attention to Sam Dickieson.
- For securities held in nominee name at a bank or brokerage firm, call the library at 568-9095 to obtain the appropriate address information and account numbers to have the securities wired to.

If you have additional questions about how to donate securities or use securities to offset your pledge payments, call Jennifer Sawyer at 568-0905.

EDZ Credits - Clarification

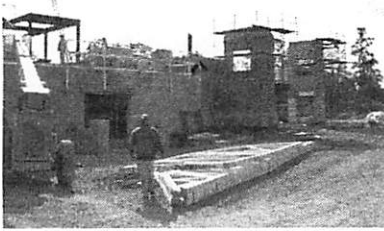

A question was asked recently, what does "EDZ" stand for? Empire Development Zone is what the initials EDZ represent and Mynderse Library is able to provide donors to the *Next Edition* campaign tax credits because the building of our new library was approved as a Community Development project by the New York State (NYS) Empire Zone Program. For any questions about this program, please call Jennifer Sawyer at 568-9095.

31 Fall Street, Seneca Falls, NY 13148

315/568-9095

Construction Update

As many of you have observed the building continues its steady stride towards completion. The masonry walls are at their final height and the concrete deck for the mezzanine is poured on the south end. Steel studs for library walls are in place and AC duct work is installed as well as electrical and plumbing rough in. During the next three to four weeks you will see the wooden trusses installed on the roof and the windows are anticipated to be delivered on November 11. The brick façade will begin to be put in place by the end of November and it is anticipated the building will be completely enclosed by the beginning of December.

From the Board - A New Library, Quite An Adventure

As a relative newcomer to Seneca Falls, I would like to share my thoughts on the process that has transformed a "vision" to a new library; from the debates and doubts, to the reality that we witness growing each day on Cayuga Street.

Five years ago, I joined the Seneca Falls Savings Bank and shortly after arriving, was invited to join the Mynderse Library Board of Trustees. During my first year as a board member, talk of a new library was limited to monthly reports discussing funds collected during the "Vision Fund", which was the initial phase of the campaign.

In early 2000, talk about the new building started to take a more serious tone although there were still many questions. What size building could we afford to build? Could enough money be raised to pay for construction and operating expenses for a larger facility? Where should it be built? Finally, on a Saturday in late 2000, the Board of Trustees spent an entire day analyzing and debating these issues. The Board worked together to develop plans to evaluate all alternatives and drafted an initial business plan. Several months of planning and more debating passed before the first major obstacles were overcome and the campaign began in earnest.

In 2003, Seneca Falls will have a magnificent new library. It will be a tribute not only to the people, businesses and government representatives from the community who have demonstrated their tremendous generosity, but also to the time and effort of the Board, the members of the fund-raising campaign, and members of the building committee.

Those who support the notion that Frank Capra had Seneca Falls in mind when he produced "It's a Wonderful Life" must be right. The same spirit that built "Bailey Town" and saved the "Building & Loan" is the same spirit that has made our new library a reality.

Congratulations Seneca Falls! You have every right to be proud of your community.

- Jim Monahan
Treasurer, Mynderse Library Board of Trustees
