# The Withers Family Concert Series Presents: World-Class Chamber Musicians *The Ying Quartet*

**The Ying Quartet** will play at the library on **Saturday, September 22nd at 3:00 PM.** The group occupies a position of unique prominence in the classical music world, combining brilliantly communicative performances with a fearlessly imaginative view of chamber music in today's world. Now in its second decade as a quartet, the Quartet has established itself as an **ensemble of the highest musical qualifications** in its tours across the United States and abroad. Their performances regularly take place in many of the **world's most important concert halls**, from Carnegie Hall to the Sydney Opera House.

At the same time, the Quartet's belief that concert music can also be a **meaningful part of everyday life** has also drawn the foursome to perform in settings as diverse as the workplace, schools, juvenile prisons and the White House. In fact, the Ying Quartet's constant quest to explore the creative possibilities of the **string quartet** has led it to an unusually diverse array of musical projects and interests.

As **quartet-in-residence at the Eastman School of Music**, the Ying Quartet maintains full time faculty positions in the String and Chamber Music Departments. From 2001-2008, the Ying Quartet has also been the Blodgett Artists-in-Residence at Harvard University. The Ying Quartet **first came to professional prominence in the early 1990s during their years as resident quartet of Jesup, Iowa, a farm town of 2000 people.** Playing before audiences of 6 to 600 in homes, schools, churches and banks, the Quartet had its first opportunities to enable music and creative endeavor to become an integral part of community life. The Quartet considers its time in Jesup the foundation of its present musical life and goals.
