Annual library report for year ending June 30, 1902

Laws of 1892, ch. 378, §41. Every library or museum which receives state aid or enjoys any exemption from taxation or other privilege not usually accorded to business corporations shall make the report required by § 25 of this act, and such report shall relieve the institution from making any report now required by statute or charter to be made to the Legislature, or to any department, court or other authority of the state. These reports shall be summarized and transmitted to the Legislature by the Regents with the annual reports of the State Library and State Museum.

Besides the libraries required by law to report, every library in the state having 200 or more volumes is earnestly requested to fill the same blank.

Regents ordinance. Each institution in the University shall transmit to the University on or before August I of each year a report in such form and detail as the Regents shall prescribe. The University year, for annual reports of institutions, shall close on June 30, unless permission is given to report for a year ending at some other date, in which case the report shall specify the exact dates covered.
